

Flowmeter evaluation

domain	criteria	score1	score2	score 3
physical				
	packaging	box	plastic bag	other
	dimensions			
	ease of handling	good	awkward to hold	too bulky
	storage/bag	vinyl	hardshell	none
	other (i.e. extra mouthpeices, connection hardware, etc.)			
assembly		not required	only for cleaning/transport	required
instructions				
	setup/use	easy to read and understand	not easy to read understand	none
	data interpretation	easy to read and understand	not easy to read understand	none
	data storage/export	easy to read and understand	not easy to read understand	none
design		electronic	mechanical	
Use				
	performs as expected	y	n	
	easy to read numbers	y	n	range
	easy to reset	y	n	
	stores numbers	y	n	
	connects to other device	y	n	
cleanable				
	instructions for clean?	y	n	
	process doable	y	n	
durability				
	drop 4 ft	no damage	broken	
	Crush resistance w/ case	Solid case	solid flowmeter but soft or no	flimsy/would not pack
